

# Tell the Wisconsin State Legislature: Save Family Planning and Contraceptive Equity

Governor Walker’s biennial budget bill eliminates all state funding for family planning clinics including Planned Parenthood and rolls back Wisconsin’s contraceptive equity law. Wisconsin women need access to birth control, family planning services, and reproductive health care.

**We, the undersigned, urge the State Senate and State Assembly to oppose any attempts to eliminate funding for family planning services or to limit access to contraception including Governor Walker’s proposed elimination of state funding for family planning services and roll-backs in the Medicaid family planning program, as well as Walker’s proposed repeal of Wisconsin’s contraceptive equity law. Please reject any anti-birth control attacks on these programs.**
